

Rigging & Millwright Service

Egenolf Industrial Group elevates itself from competitors in the press service market by integrating press service with comprehensive rigging service. The demarcation between multiple vendors often is clouded with unclear expectations and responsibilities. Egenolf eliminates the confusion by incorporating all aspects of industrial press service as a singular service provider.

Egenolf is a well established industrial service company. We have provided industrial millwright and rigging services since 1973 for clients nationwide. We will work with you to insure that your rigging and millwright service needs are met with professionalism. Egenolf will work to provide smooth rigging, machinery moving and millwright operations to insure that you can focus on running your business maintaining productivity while we are at work behind the scenes.

Egenolf will assist to create a budget and execute a truly turn-key process in the relocation of large stamping and metal-forming machinery. With capabilities of a single pick exceeding 1 million pounds, Egenolf can efficiently and professionally relocate one press or an entire plant.
