

## Fully Integrated Installations

Egenolf Industrial Group is able to provide its customers with fully integrated installations of heavy press and machinery. From power runs and and service installations to air lines and plumbing, we've been there, we've done that. Many times. And we're good at it. With a team of professionals that is second to none, we are perfectly comfortable making all of the connections necessary to get your equipment back up and running.

Egenolf has provided industrial installations as part of our core services since our formation. We have installed industrial machinery for numerous large industrial companies and have a great reputation for our professionalism. By allowing Egenolf to provide your industrial installations, you can be sure that you are working with a company with years of experience under our belts. This will give you the piece of mind in knowing that all fully integrated installations will be performed by dedicated professionals.

Whether it is the plumbing, controls, electrical wiring, or simply leveling and anchoring, we've done it before and would be glad to do it again, for you.
